Marketing Software Roundup

As a digital marketing pro, you've likely used, or at least are familiar with, several CRM and automation tools. Creating a marketing software roundup of tools is a stellar way to position your agency as a digital expert and drive traffic to your website.

1. HATCHBUCK

You may want to include information about:
- Features
- Customer Support
- Pricing
- Why You Would Recommend to Another Business

2. MARKETING TOOL #2

You may want to include information about:
- Features
- Customer Support
- Pricing
- Why You Would (or Would Not) Recommend to Another Business

3. MARKETING TOOL #3

You may want to include information about:
- Features
- Customer Support
- Pricing
- Why You Would (or Would Not) Recommend to Another Business

And so on, until you have a nice list-icle for your site's blog and social media.
